FEEDBACK

Samip

1.Content Quality - The content covered in the course is extremely well-designed. Sir included questions ranging from basic to advanced levels, and after practicing them, every concept became very clear. Because of this structured approach, I am now able to solve the PYQs much more easily and confidently.

2.Teaching Style - Sir's teaching style is truly exceptional. Many teachers claim that students can ask doubts multiple times, but he is the one who actually follows it sincerely. Even the smallest mistakes or doubts were explained by him and he used to repeat concepts until every student understood them properly. He never rushed through topics and made sure the foundation became strong for all of us.

3.PYQs - Before joining this course, I had no experience with csat reasoning, but now I am able to solve PYQs comfortably. The clarity and step-by-step method taught in class helped me build confidence and accuracy.

5.Overall Satisfaction - I am fully satisfied with the classes, guidance, and support. The sessions are insightful, concept-oriented, and very impactful for my preparation.

FEEDBACK

Vishal Kadam

From day one when you started teaching us you were never in hurry when it comes to clarity in any concept till we don't understand you will reteach the same concept as many times till your students won't understand the concept and that too without scolding and you ensure no one is left behind.

You have your own methods for every topic which you explain through which things get more easier.

You move systematically . Eg For developing the aptitude you started with reasoning that to for those topics jisse sab students ka brain dheere dheere develop ho and later you move on to topics which were little difficult to understand but as I mentioned through your methods you made them easy . The structure which is you teach a concept then we solve few Questions then Pyq's later you give basic moderate and advance more than 150+ questions for each topic jisse humari practice acchi hojaye.

CSAT COGNITO BATCH 1

FEEDBACK

Lastly I would like to tell that I am genuinely happy that I joined your course I am feeling confident in csat as we are moving ahead as we r learning new concepts and topics Saransh Sir more than sir you are like a elder brother who even scolds when it's needed but you make sure that everyone in your class qualifies csat if he or she does and follows what you tell us to do .
Thankyou sir
