PROGRAM FEATURES

DECODE CIVILS

01 Daily Detailed Planning with SMART Tracker

Know exactly what to do every day.

A structured, day-wise preparation plan that tells you what to study, revise and practise, ensuring clarity, consistency and direction throughout your Prelims journey.

02 High-Yield Theme Classes

Focus on what matters most.

Concept-driven classes covering high-yield topics and important themes to build conceptual clarity and strengthen your command over exam-relevant subjects.

03 Complete Prelims Testing Ecosystem

50+ Tests. Continuous Practice. Measurable Progress.

A comprehensive testing system designed to build accuracy, improve question selection and track your readiness through every stage of preparation.

- Daily Quizzes: Build consistency through 10 MCQs for everyday practice.
- Sectional Tests Every Third Day: Consolidate topic-wise preparation & identify knowledge gaps early.
- Subject Wise FLTs Every 14 Days: Develop exam Temperament, Improve Time Management & Assess overall Performance.
- Comprehensive Weekly 7 Full-Length Simulators After Syllabus Completion: Evaluate your preparation holistically and fine-tune your strategy before the final examination.

04 PYQ Edge

Decode the logic. Master the MCQ aptitude.

Go beyond solving PYQs to understand the underlying logic of UPSC questions, develop MCQ aptitude and intelligent-guessing skills, reverse-engineer previous year questions, and revise emerging concepts through detailed statement-level analysis.

PROGRAM FEATURES

DECODE CIVILS

05 Current Affairs Classes by Mudit Jain Sir

Learn from the Best.

Learn and revise current affairs from India's most trusted source, with direct hits in the final examination to give your Prelims preparation a decisive edge.

06 Group Mentorship with Sourabh Arbole Sir

Get Mentored From the Person who NEVER FAILED PRELIMS.

Interactive group mentorship sessions to resolve preparation challenges, refine your strategy and ensure that you remain aligned with your targets.

07 Smart Tracker - Tech-Enabled Accountability

Track Your Preparation. Own Your Progress.

A technology-enabled tracking and accountability system to monitor progress, maintain consistency and turn daily targets into measurable action.

08 CSAT Through PYQs

Master the Art and Science of Solving CSAT.

Learn the art and science of solving CSAT through a systematic decoding of UPSC's previous years' questions. Develop effective question-solving techniques, understand UPSC's approach and build the confidence to ensure that CSAT does not become a hurdle in your journey
